JANESVILLE, WISCONSIN. THURSDAY, JUNE 28, 1894.

NUMBER 94

TIE-UP CONTINUES ON FIFTEEN ROADS

THE WARFARE ON RAILROADS
WAGED EFFECTIVELY.

Illinois Central Abandons Suburban
Traffic at Chicago—Santa Fe to be
Tied Up—Northern Pacific Men
Join the Strikers—The Northern at
Last Affected.

CHICAGO, June 28.—The railroad strike is spreading rapidly. The roads affected at noon were the Santa Fe, the Northern and Southern Pacific, the Western Indiana, the Pan Handle, the Monon, the Grand Trunk, the Erie, the Illinois Central, the Baltimore & Ohio, the Chicago & Great Western, the Wisconsin Central, the Cincinnati Southern, the Northwestern and the Union Stock Yards, and Transit Company. The Illinois Central freight service has been at a standstill all day and the same is practically true of other roads. In no case, however, did the strikers pre-

them other employees have gone out on that division.

TACOMA, Wash., June 28.—The Northern Pacific has issued bulletins to all employees stating that it has purchased a half interest in the Pullman cars operated on its line and does not expect the Pullman strike to interfere. The local American Railway Union say they will not strike except upon receipt of registered letter instructions from Debs, which will arrive in three days. They will not act upon telegraphic advices from Debs.

LIVINGSTON, Mont., July 28.—At 12:30 yesterday all men employed in the Northern Pacific yards went out on a strike. At 7 o'clock this morning all shop hands went out. Not a single employee of the switch department in Montana is at work. All American Railway Union men refuse to work on engines hauling Pullman cars. The American Railway Union has decided that one of the conditions of the strike would be a restoration of the wage scale in force prior to Jan. 1.

MISSOULA, Mont., June 28.—The American Railway Union boycott of Pullman cars is general in Montana, trainmen refusing to haul trains containing them. All through passenger service on the Northern Pacific is at a standstill in this state.

ST. PAUL, Minn., June 28.—The American Railway Union boycott against Pullman cars is beginning to be felt here, the first trouble being on the Northern Pacific, one of the switching crews refusing to make up a train and being promptly laid off. As the road is in the hands of the United States courts the United States marshal, at the instance of the officials of the road, has sent a half dozen deputies to the yards. On other roads centering in this city no move has been made.

MINNEAPOLIS, Minn., June 28.—This city will be the center of the Pullman strike in the northwest if the American Railway Union determines to carry out its announced boycott policy. As yet the local American Railway Union has received no notice from the central organization as to action.

FARGO, N. D., June 28.—Officers of the local American Railway Union received orders to quit work on the Northern Pacific, and the men went out in a body.

DULUTH, Minn., June 28.—There is no attempt to enforce the boycott here yet.

COLUMBUS, Ohio, June 28.—The American Railway union at a meeting held last night decided not to move in the Pullman boycott until officially requested.

S. LOUIS, June 28.—The Pullman-American Railway union contest is in a delightful state of uncertainty here. The men concerned apparently do not know whether the boycott will be put in effect to-day, to-morrow, next week or at all.

WASHINGTON, June 28.—The boycott against the Pullman company by the American Railway Union has not reached this city. Trains with Pull-

den's master stroke, however, occurred at midnight, when every em-

ployee on the Santa Fe belonging to the American Railway Union was ordered out. The order had no im-

mediate effect in Chicago, one switch engine and its crew working all night in the yards. The officials of the road, which is in the hands of the receiver, say that they will apply for United States court protection.

So far no violence has been at-

tempted. Two hundred policemen put in the day in various railroad yards, but their services were not needed.

Chief Brennan says he has 2,000 men who can be massed at any point inside of an hour.

President Debs declared last night that the union would concentrate its efforts against the Illinois Central, the Santa Fe, and the Western Indiana. Yesterday he was assured of the sympathy and assistance of the Knights of Labor, Grand Master Sov-

ereign telling him that they would be with him until the end.

The Switchmen's Mutual Aid asso-

ciation, through its president, Miles

W. Barrett, has refused to co-operate

with the strikers.

When asked what reply would be

made to the refusal to pledge the as-

sociation to any assistance in the

present struggle, President Debs said:

"I shall make no reply to his letter,

but I will say to the public that if his

organization ever gets into trouble

the American Railway Union will

render all assistance within its power

to see that right and justice prevails."

A special meeting of the Brother-

hood of Locomotive Engineers is

called for 10 o'clock this morning.

This meeting, it is announced, will

determine whether or not the locomo-

tive engineers will join in the strike.

If they do it is generally admitted the

situation will be brought much nearer

an immediate settlement.

NORTHERN PACIFIC MEN STRIKE

They Ignore Judge Jenkins' Injunction

—Trains Blocked in Montana.

MILWAUKEE, Wis., June 28.—The employees of the Northern Pacific on the Montana division have gone on a strike despite the mandate of the court. Receiver Payne said he had received word from the officials of the road that the men had gone out and that the company was doing the best it could. The only cause for the present strike is the trouble over the Pullman matter. It is possible further legal steps in line with the injunction issued by Judge Jenkins may shortly be taken.

HELENA, Mont., June 28.—On the Helena division, extending from Helena to Livingston, not a wheel is moving. This is due to the fact that the shopmen at the latter point have taken advantage of the Pullman boycott to present their demands for an increase of pay and in sympathy with

them other employees have gone out on that division.

TOPEKA, Kan., June 28.—The Northern Pacific has issued bulletins to all employees stating that it has purchased a half interest in the Pullman cars operated on its line and does not expect the Pullman strike to interfere. The local American Railway

Union say they will not strike except upon receipt of registered letter instructions from Debs, which will arrive in three days. They will not act upon telegraphic advices from Debs.

EMPORIA, Kan., June 28.—On receipt of an order to that effect all the members of the American Railway Union employed on the Santa Fe road at this

point quit work last evening. There is no disorder.

ST. JOSEPH, Mo., June 28.—Members of the American Railway Union here say they have received no orders regarding the boycotting of Pullman cars and until such orders have been received will take no action.

TOPEKA, Kan., June 28.—The Pullman boycott is being spread over Kansas. The switchmen have been ordered to go out on the arrival of the first train to which a Pullman is attached. The general officers of the Santa Fe are paying but little attention to the matter further than issuing orders to various division superintendents not to allow any mail trains to be broken up. Gen. Frey said that the strikers would have to settle with the courts.

STRIKERS ARRESTED AT CAIRO.

They Are Caught Cutting a Pullman From an Illinois Central Train.

CAIRO, Ill., June 28.—Striking switchmen cut out a Pullman sleeping car on the Mobile & Ohio railroad at the Union depot at daylight yesterday morning. At 4 o'clock in the afternoon they broke the chains which had fastened a coach to a Chicago train. Two of the men were arrested. The coach was recoupled and proceeded.

EFFINGHAM, Ill., June 28.—It is understood that an order has been received here by the local American Railway Union to cut off Pullman sleepers on Illinois Central trains, but no effort to carry out such an order has been made.

Pullmans Held at Cincinnati.

CINCINNATI, Ohio, June 28.—Pullman cars were not moved in the Cincinnati, Hamilton & Dayton yards after 12 o'clock, and no immediate attempts to move cars were made in the yards of other roads. Judge Taft of the United States Circuit court has, at the request of Receiver Felton, made United States deputy marshals of the trainmen who will run trains of the Queen & Crescent road. The same has been done in Covington, Ky.

Federal Marshal Ordered Out.

OSHKOSH, Wis., June 28.—At the request of Receiver Whitcomb of the Wisconsin Central Judge Seaman of the United States court ordered United States Marshal Pratt to send a deputy to Waukesha to protect the railroad property there. Deputy Marshal Richard Pratt has been sent there, empowered to swear in as many deputies as will be necessary.

Baltimore & Ohio Men Quit.

CHICAGO, June 28.—Late last night 200 employees of the Baltimore & Ohio railroad in South Chicago held a meeting and decided to go on a strike.

Among them were switchmen, car cleaners, trolleymen and yardmen. The action of the men will seriously interfere with the operation of the yards and crossings in South Chicago.

Tie Up on the Coast.

SAN FRANCISCO, Cal., June 28.—All overland trains are tied up owing to the refusal of men to handle the Pullman cars. Railroads will not send out trains without Pullmans and will make no attempt to send overlands until the strike is ended or until they can secure adequate protection.

Tie Up on the Pan-Handle Road.

CHICAGO, June 28.—Switchmen on the Pan-Handle joined the strikers last night. Their example, it was said, will be followed by the day men and the road will be tied up. The officials were taken by surprise.

TRACY AGAIN CHOSEN.

The Republican League Re-elects the Illinois Man.

DENVER, Colo., June 28.—W. W. Tracy was re-elected president of the National Republican league yesterday afternoon by acclamation, Col. E. A. McAlpin of New York having sent a telegram instructing the New York delegation to withdraw his name. A. B. Humphrey of New York was re-elected secretary.

The report of the committee on resolutions, which was unanimously adopted, contains the following silver plank: "We believe in the use of gold and silver as money metals, maintained on a perfect parity and interconvertibility. We do not believe that there will be a permanent return of prosperity to our country until the full use and highest position of silver shall be restored, and we favor such legislation as will bring about this result." The resolutions favor protection and declare against the Wilson bill, endorse liberal pensions, declare in favor of the admission into the Union of the territories Utah, New Mexico, Arizona, and Oklahoma, and demands that new safeguards be incorporated in our immigration and naturalization laws to prevent unworthy immigrants from landing on our shores and from obtaining citizenship. The platform concludes: "We again commend to the favorable consideration of the republican clubs of the United States as a matter of education the question of granting suffrage to women."

The convention refused to adopt the report of the committee on location, which was favorable to Des Moines, and amid great confusion decided by a vote of 813 for Cleveland to 784 for Des Moines to turn the Hawkeye men.

A telegram from Gov. McKinley was read in the convention amid much cheering.

THE FINEST LAKE TROUT AND WHITE FISH EVER SHOWN IN THE CITY WAS RECEIVED BY US FRESH TODAY. TELEPHONE 179. DUNN BROS.

M. CASSIMER-PERIER FORMALLY CHOSEN.

GENERAL APPROBATION OVER THE RESULT.

Although a Young Man the Successor of Carnot Has Plenty of Brains—Martyred President's Funeral to be Held Sunday—Eugenie's Sympathy Extended to the Bereaved Family.

VERSAILLES, France, June 28.—M. Cassimir-Perier, president of the chamber of deputies, was elected president

M. CASSIMIR-PERIER.

of France to succeed the late President Sadi-Carnot.

He was chosen on the first ballot and received a majority of 17 votes.

The scene was a very brilliant one. The election took place in the great hall or the theater of the palace which has witnessed so many memorable events in the history of France under the republic, the Napoleons and the Bourbons. Here it was that on Jan. 18, 1871, King William of Prussia, whose armies held Paris, was proclaimed German emperor.

The ministers, shortly after the president's arrival, formally tendered their resignations to him. Casimir-Perier requested them to remain in office. It is doubtful, however, whether Dupuy, the prime minister, will retain office. It is expected, in the event of his insisting upon his resignation being accepted, that the president will summon Burdeau to form a cabinet.

ROUTE OF THE FUNERAL PARADE.

PARIS, June 28.—It has been arranged that the funeral procession which will convey the remains of the late President Carnot to the Pantheon is to leave the Elysee palace at 8 o'clock in the morning. It will proceed to the Champs Elysees to the Palace de la Concorde, and through the Rue Rivoli, reaching Notre Dame cathedral at about noon. After the funeral service at the cathedral the procession will go to the Pantheon by Pont Neuf and the Boulevard St. Michel.

Santo's Trial Set for July 23.

LYONS, France, June 28.—The trial of Cesario Santo, the anarchist assassin of President Carnot, is to take place July 23.

NIMES, June 28.—Two men were arrested here yesterday for shooting "Vive l'Anarchie" and for praising Santo's murderous deed.

EX-EMPEROR EUGENIE SYMPATHIZES.

LONDON, June 28.—Ex-Emperor Eugenie has requested M. Decrais, French ambassador to Great Britain, to forward to Mme. Carnot a message expressing her sympathy.

ILLINOIS DEMOCRATS.

Franklin MacVeagh Nominated for Senator at Springfield Yesterday.

SPRINGFIELD, Ill., June 28.—Franklin MacVeagh, the rich Chicago grocer, was nominated for United States senator in the democratic state convention yesterday on the first ballot. The full ticket is as follows: United States senator, Franklin MacVeagh; superintendent public instruction, Henry Raab; state treasurer, Bernard J. Claggett; trustees of state university, Dr. Julius Holmes Smith, C. L. Pleasants, T. C. Clendenin.

The platform endorses the administrations of President Cleveland and Gov. Altgeld, and denounces the revenue policy. On tariff reform it says: "We demand that congress shall carry out the will of the people of the United States as expressed in the last Presidential election by passing an efficient bill to remove the tariff taxation that the country shall enjoy the beneficent results of that action without further delay." The silver plank is as follows:

"We again declare our loyalty to that time-honored principle of the democratic party which favors honest money, the gold and silver coinage provided by the constitution of the United States, and a currency convertible in such coinage without loss to the holder. We insist that justice to all citizens requires a strict adherence to this democratic principle, and demand that the government shall spare no effort to bring about a proper ratio between the values of gold and silver so that parity may be maintained between the two metals and all mints thrown open to free coinage. We declare that this has for years been a cardinal doctrine of the democratic party, and the denounce the republican party for its constant and persistent efforts to demonetize silver and thus increase all public and private debts."

Death of Ex-Banker Fabri.

PHILADELPHIA, Pa., June 27.—A dispatch from Florence, Italy, announced the death there of E. P. Fabri, who was formerly a member of all the Drexel banking firms. He retired from the Drexels in 1885, and is reported to have amassed a fortune of \$20,000,000.

Oklahoma Constable Murdered.

SOUTH ENID, Okla., June 28.—Mr. Hutchinson, constable at North Enid township, was shot and instantly killed. It is not known who did the killing.

House Takes Action to Supply the Necessary Government Expenses.

WASHINGTON, June 28.—The house yesterday got into a series of deadlocks over the New Mexico statehood bill. The consideration of the bill was not concluded at the hour of adjournment. A cablegram from the French government acknowledging the action of congress relative to the death of President Carnot was laid before the house, and a message from the President,

HILL STILL BATTLES AGAINST THE TAX.

OPPOSES SENATOR ALLISON'S AMENDMENT.

Corporations Should Pay—Exemptions Where the Capital Stock Is Less than \$100,000 a Discrimination—News of the Capital—Progress of the Debate.

WASHINGTON, June 28.—Only eleven senators were present when Vice-President Stevenson rapped for order yesterday. Twenty minutes were spent awaiting the appearance of a quorum. A bill to amend the act providing for the times and places for holding terms of the United States court in the state of Washington was passed.

Then the debate on the income tax provisions of the tariff bill was resumed. The pending amendment was that of Senator Allison to exempt corporations, companies or associations having a capital stock of less than \$100,000.

DYING IN PRISON IS FRANK E. CONE.

JANESEVILLE BIGAMIST SUFFERS FROM CONSUMPTION.

Sad and Interesting Case—Married When Sixteen Years of Age—Convicted of Bigamy—Sent Up for a Year—Working for a Pardon—He Will Get It Many Believe.

Frank Cone, a very fine looking young man, is dying at the Waupun state prison, of quick consumption. He is serving a term of one year having been found guilty of bigamy. His case is a rather sorrowful as well as an interesting one. On the 31st day of October, 1885, young Cone was living in Janesville. He was not yet sixteen years of age, but had been keeping company with Miss Edith Sprague, who was eighteen years of age. They were married on that day, notwithstanding their tender years, by Rev. Thomas Walker of Janesville. They lived together until April 29, 1886, when the husband left home in search of work. During the next two years the wife heard little of her husband. September 4th, 1891, Cone was united in marriage at Racine to Sarah Chase, Rev. J. E. Farmer of the First M. E. church, performing the ceremony. The groom informed the minister that he had been married before, but had obtained a divorce. Arrested For Bigamy.

On March 23, 1893, Mrs. Cone No. 1, who had been living at Edgerton, appeared in Racine and had her husband arrested on charge of bigamy. He had an examination before Court Commission R. L. Upchurch, and was held to the circuit court for trial. An uncle furnished a bond, but after a few months the bondsman gave him up and he was lodged in jail.

Found Guilty.

At the next term of court he was found guilty. The defense made a motion for an arrest of judgement on the ground that the facts proved did not warrant a conviction and the court being of the opinion that the question of law raised thereby was so important and doubtful as to require a decision of the supreme court. Judge Fish certified to the facts and forwarded to the supreme court for its decision. The question submitted was: "Can the defendant be legally convicted of bigamy under the above facts?"

Sent To Prison.

This was August 25, 1893. For months Cone lay in jail waiting a decision of the supreme court. It came December 18, 1893 when the supreme court answered the question in the affirmative. There was nothing for Judge Fish to do but to sentence Cone which he did in February last for one year.

Falling Fast.

During the past few weeks Cone has been failing fast with quick consumption. Two physicians have examined him and say that he cannot live his time out. One of his relatives went up to see him a day or two ago and found him slowly dying.

After a Pardon.

Friends have commenced the circulation of a petition and it is being signed by large numbers of people, praying that he be pardoned. The petition will be sent to Governor Peck in a short time.

It is believed by a majority of citizens that the pardon will be granted. When Cone first married he was a mere boy and if anybody erred it was the minister who married him to the girl bride. He supposed that the marriage was null and void and never dreamed that his first girl wife would turn up and prosecute him.

GO TO Y. P. S. C. E. CONVENTION

Janesville Young People Prepare for the Trip to Cleveland in July.

Janesville Christian Endeavor young people are making plans for attending the national convention in Cleveland beginning July 10. The fare will be \$12.73 from Janesville to Cleveland and return. There will be a lake trip in addition to the railroad ride, and a trip to Put-in-Bay as one of the many good things. The route will be over the Chicago & Northwestern to Chicago; Wabash from Chicago to Detroit; Lake Erie steamer from Cleveland, with an optional land trip.

The average rate will not exceed \$1.50 per day for lodging and board, in private families and many can be accommodated at lower rates. Hotel rates will vary from \$2 to \$3 per day, according to the number of delegates occupying the same room. At least two persons will be expected to occupy one room.

PLANS FOR THIS EVENING.

LIGHT Infantry drill, at the Armory. GERMAN Choral society, at Concordia hall.

JANESEVILLE Commandery No. 2 Knights Templar, at Masonic hall. BOWER City Temple No. 3, Patriarchal Circle, at Arcanum hall, South Main street.

Sox Sale.

The real Rockford hose, 15 cent kind. 08
Maco hose in brown, black and tan, warranted fast colors, 25 cents. 12
Lisle ballbraggan four colors, brown, drab and tan 35 cent kind. 17
Genuine Middlesex medium weight, sold everywhere at 25c. 12
British hose 25 cent kind. 18

T. J. ZIEGLER.

It will astonish you how all John son's Magic Oil will kill all pain. Sold at Smith's pharmacy; 25 and 50 cents.

FRANK BROWN IS BADLY HURT. Trying To Hold a Runaway Horse, He Is Dragged Down Hill.

Frank Brown was badly hurt while trying to hold a frightened horse yesterday afternoon. Mr. and Mrs. Brown drove to Four Mile creek, where Mrs. Brown's father, John Welch, is building trestle work for the C. & N. W. As they drove into a field near the track a train approached, and Mr. and Mrs. Brown got out of the buggy. Frank held the horse by the bit, but couldn't restrain the terrified brute, and was dragged down hill. Mrs. Brown urged him to let go, but he clung to the bridle until he struck a large timber, which compelled him to loosen his hold. He was picked up for dead and placed in a caboose on the work train and brought to the city. A carriage conveyed the injured young man to his home, No. 7 Milton avenue, where Dr. E. H. Woods attended him. On examination it was found that three of his ribs were splintered, that he had suffered a bad cut on the back of his head which required a number of stitches to sew up, also a cut on the forehead. Both arms and both limbs were cut and he was badly bruised.

IT IS thought the horse must have stepped on him. The horse was cut by coming in contact with a barb wire fence and the thills and top of the buggy were broken.

ROBBED WILLIAM CANARY OF \$50. Thief Broke Into His Hotel and Got Jewelry and Cash.

William Canary is looking for the man who robbed his Pleasant Street hotel. When the muscular land lord awoke at 1 o'clock in the morning he saw a burglar standing at the head of his bed. He was frightened and let out a yell that was heard clear across the "five points." The burglar didn't wait until Canary could get his gun but fled through the back door. A window from which the screen had been cut showed how he had gained entrance. The plunder secured by the thief included a gold chain and cross with a \$5 gold piece for a pendant, a pair of gold earrings, and a pocket book with \$8 in cash. There was another pocket book containing two hundred dollars which was being saved for license which the thief overlooked.

He evidently thought there was more money around as he attempted to search Mr. Canary who had laid down on the bed with his pants on. The burglar had his hand in Mr. Canary's pocket when the latter woke up and caught him at it.

The value of the property taken was about fifty dollars.

CATHOLIC SCHOOL YEAR ENDED.

Children Show Their Progress in Exercises at St. Patrick's Church.

St. Patrick's church was crowded with people this afternoon congregated to listen to the closing exercises of St. Joseph's academy and parochial school. The general public were cordially welcomed to witness the exercises, and the auditorium had been beautifully decorated for the occasion. A programme embracing forty-two numbers, carefully prepared for the occasion, was rendered by the pupils of the school.

Music, vocal and instrumental as well as essays and recitations testified to the excellent instruction the pupils had received. The exercises throughout were a success and visitors and parents were pleased at the proficiency shown.

BRIEF BITS OF STATE GOSSIP.

MARINETTE has granted thirty-eight saloon licenses.

THIRTEEN gamblers at Fond du Lac were fined \$10 and the costs.

OSHKOSH manufacturers will burn wood until the soft coal famine subsides.

THE pay-roll of the Menasha Wood-ware company amounts to \$30,000 a month.

WORK in the North park at Oshkosh has been suspended owing to lack of funds.

GOVERNOR PECK makes Thomas Luchinger, of Monroe, state dairy and food commissioner.

Burglars drilled the safe of the Matheson Trading company at Elkton, but failed to blow it open.

THE July meeting of the division superintendents of the Chicago & Northwestern railways will be in Ashland.

SECRETARY of State Cunningham and Mrs. Cunningham will leave Madison today for Asbury Park, N. J., to attend the national convention of editors.

THE six-year-old daughter of John Berg, a farmer living at Waunamide, about ten miles from Arcadia, died from the effects of sunstroke.

GRAND Master Sovereign of the Knights of Labor spoke two hours to a large audience at LaCrosse. Many did not like the address because it was too tame.

MISS ALICE BABBITT, daughter of ex-Congressman Clinton Babbitt, was married to F. E. Lurton of Northfield, Minn. The ceremony was performed at the bride's home by Professor J. J. Blaisdell of Beloit, who was assisted by the Rev. Cyrus Hamlin.

Two wealthy farmers of the town of Greenfield, Outagamie county, engaged in a costly litigation that resulted in an award of sixty-four cents. The bone of contention was a cheese factory bill for \$12.20.

Bathing Suits and Sweaters.

We never promise anything we can't perform. Those sweaters and bathing suits at 50 cents are the best values ever offered in the city. If there is a house in the city that can sell as good for less than \$1.00 we will make you a present of all we have. This is the time to use them. T. J. Ziegler.

THE WINNER'S NAME WILL COME SOON.

PIANO CONTEST RAPIDLY DRAWING TO A CLOSE.

Three Days Left and Then the Struggle Will Be at an End—Friends of the Young Ladies Have No Time to Lose—The Candidates.

"Every day will be Sunday bye and bye."

Now that reads well but not half as well as the notice that will appear in a day or two, announcing who has won the Shaw piano now being contested for.

Only a few more days and then your chances are gone. Girls step lively and see that you are in the swim. Think of it—a matchless Shaw piano for nothing so to speak. We want you to get it, but you must work hard until the contest closes June 30. Votes have been cast for these candidates:

Ainslie, Tina
Baker, Jessie
Baldwin, L. M.
Clifford, Alice M.
Eldredge, Rose B.
Ennis, Mary
Frink, May
Foster, Lathie
Gifford, Alice V.
Gibbs, Maria J.
Holt, Ellen
Huggett, Miss Olive
Hayward, Minnie
Kenyon, Cora
Kastner, Alice
Locuks, Franc
McWilliams, Mary
Nichols, Ida
Peters, Neilia
Pease, Bashie K.
Randall, Carrie M.
Wright, Ada V.

1. Any one, anywhere in any state entitled to vote as often as they can buy a copy of The Janesville Gazette containing the coupon.

2. The lady who receives the largest number of votes will receive as good and beautiful a piano as the Shaw Piano company can make.

3. The contest will close June 30, at 9 p. m. Piano will be delivered as soon as the counting of votes is completed.

4. Any person who will bring the Gazette one new subscriber paid in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

Could anything be fairer? The Gazette wants subscribers. The Shaw piano is seeking friends. Let us rally our energies and make the closing days ring with hurrahs for the favorites.

SHOPIERE BUGGY WAS A WRECK.

Mrs. Frank Culver and Daughter Meet With a Mishap in Janesville.

SHOPIERE, June 27.—Mrs. Frank Culver and daughter visited Janesville one day last week. While there the horse got frightened, broke loose, ran away, leaving the buggy in a demoralized condition. The ladies returned home by the cars and the horse was found next morning by Orsamus Van Galder, near his place. Mrs. Merritt Bostwick came up from Chicago Thursday, where she has been for some time visiting her daughter. Vincent Truesdell has been some better the past week. Rev. H. B. McArthur, from Fort Atkinson, visited Mrs. B. D. Belding the past week. Mrs. Elias Holmes, of Chicago, is visiting relatives in this place. Frank Humphrey, of Beloit, spent a few days here recently, with his parents. Those who have coupons for Miss Randall will please leave them at the post office by Friday evening of this week. A social will be held at the Congregational church Wednesday evening June 27. Mrs. Dewitt Parker arrived home Thursday from the east where she has been visiting her parents for the past month. John Knipehill and wife have been visiting relatives in the north part of the state. A. D. Parker is traveling for a Chicago firm, for the past two weeks has been in Iowa and reports it very dry there.

Tests for Pure Butter.

It is said that it is an almost certain test of pure butter to melt it and note the color and odor. A German chemist gives the following directions: "Pure fresh butter, when melted, is perfectly clear, or only very slightly cloudy, usually dark yellow, and has the familiar odor of pure butter fat. Pure stale butter may be very cloudy and even opaque when melted, is usually of a dark-yellow color, and has the odor of rancid butter. Melted margarine, on the other hand, is very opaque, of light yellow color, and has a characteristic, indescribable odor." In addition to this, one may try the test resorted to by experienced cooks: Drop a bit of it upon a very hot saucepan. Pure butter will rise in white bubbles; margarine melts and runs across the dish in oily-looking streaks.

Daughter of a Drew.

The wedding of Miss Catherine Muckleworth Drew and Mr. Clarence Illingsworth, recently celebrated, is of interest especially because the bride

A GREAT TOWER.

Copenhagen to Have the Highest One in Europe.

It has been decided to build a tower, on somewhat similar lines to the Eiffel tower, in a park outside of Copenhagen, on an elevated spot, from whence there will be an exceptionally fine view over the city, the surrounding picturesque country, the sound, and a long distance into Sweden. It will be built exclusively of iron and steel, and the foundation will be of cement concrete. The height will be considerably more modest than the tower of Blackpool and Paris, viz., only 430 feet, but then the locality is some ninety feet above the level of the sea. The diameter of the base will be 160 feet, and there will be three platforms, at respectively 100 feet, 200 feet and 350 feet. The lowest platform will rest on a structure of the shape of an even sixteen-sided pyramid, and will itself be octagonal, each side being forty-six feet. This platform will have in its central portion an octagonal pavilion for restaurant, etc. In the upper portion of the pavilion will be access to staircase and elevator to the upper platforms. The access to the lower platform will be by two staircases and two elevators; the capacity of the latter will be about a dozen passengers each, and their maximum speed 1½ feet per second. It has not yet been decided whether they will be worked by hydraulic power or electricity. The second and third platforms will also be octagonal, fitting into circles of respectively 54 feet and 31 feet in diameter. These will have stone floors, and the access to them from the lower platform will be by means of two staircases and two eight-passenger elevators, round which the staircases are placed. The top structure, which will be double, will, in its lower portion, be 19 feet in diameter and 31 feet high; 10 feet above the third platform there will be a floor, intended for military and other observations. The upper portion will be 9 feet wide and 16 feet high, and there will here be placed a powerful electric light. The whole structure will be lighted by electricity, but gas will also be laid on as a reserve. The cost is calculated at \$160,000.

Said by Paderevski.

When I am to appear in public I keep perfectly quiet during the preceding hours. I practice calisthenics immediately after rising every day. I eat with great appetite, and am not in the least a difficult man to cater for. When my recitals are over I feel that a weight has been lifted off my mind, and then I love to join in any amount of fun. I practice at all hours of the day and night, sometimes all night, for I have not set rules for working. I am never by any chance without a piano, and very often practice between the courses at meals or while I am dressing. I suffer from insomnia consequent to the great strain on my nerves, and, although it is not noticeable to the general public, I am a martyr to nervousness. I go through positive tortures when I contemplate playing. I have schooled myself to absolutely subdue my feelings, or they would rise to such a pitch as to prevent my having the least control over my fingers.

It is said that it is an almost certain

test of pure butter to melt it and note the color and odor. A German chemist gives the following directions: "Pure fresh butter, when melted, is perfectly

clear, or only very slightly cloudy, usually dark yellow, and has the familiar odor of pure butter fat. Pure stale butter may be very cloudy and even opaque when melted, is usually of a dark-yellow color, and has the odor of rancid butter. Melted margarine, on the other hand, is very opaque, of light yellow color, and has a characteristic, indescribable odor." In addition to this, one may try the test resorted to by experienced cooks: Drop a bit of it upon a very hot saucepan. Pure butter will rise in white bubbles; margarine melts and runs across the dish in oily-looking streaks.

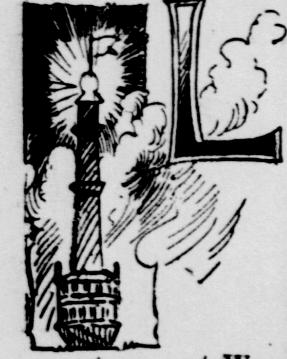

Daughter of a Drew.

The wedding of Miss Catherine Muckleworth Drew and Mr. Clarence Illingsworth, recently celebrated, is of interest especially because the bride

PIERCE THE CLOUDS AND PROP UP SKIES.

WILL THE GREAT WATKINS
TOWER IN LONDON TOWN.

One Thousand One Hundred and Fifty
Feet in the Sky—Made Especially to
Eclipse the Eiffel Structure—Their
Heights Compared.

LONDON IS ALways anxious to outshine Paris when it is a question of material rather than artistic achievement. Therefore it is not surprising that all London and England take the greatest interest in the new tower at Wembley Park, near the metropolis, which has been started expressly to outdo the lofty tower of Eiffel.

The tower is designed by Mr. A. W. Stewart, but some of its details have been modified since Sir Benjamin Baker and Mr. Stewart took the work of erection in hand.

Sir Edwin Watkin secured the design, it should be said, in response to a prize offered for such a tower. When the design was selected it had eight legs. These they have now reduced to four, but really the base consists of four groups of four legs each, and each leg rests on its own concrete foundation. It is nearly two years since the Messrs Firbank put in the foundations. The building of the tower above foundation level is being done by Messrs Heenan & Froude of Manchester, who are not without experience in such work. They were the builders of the tower, 500 feet high, at Blackpool.

Mild steel is the material used for the mighty structure. We give two sketches which will enable the reader to understand how much higher the Watkin will be as compared with the Eiffel tower at Paris.

The tower will somewhat resemble the one at Paris, but the arrangements of lifts will be different. There will be four lifts. Two will ascend to the height of 150 feet only, and two will go up to 900 feet. They will be all independent, and will be driven by winding engines.

At Wembley Park there is not the same necessity as at Paris to have an open space under the tower, so that vertical lifts can be used. These will travel more quickly than if they had to pass up one of the legs. There is the further advantage that the lift guides will stiffen the structure and help to support the first platform, thus enabling lighter girders to be used.

To show what is involved in the erection of such a lofty structure we may give a description of a base. Each base piece weighs ten tons, and stands on a sole plate 9 feet by 7 feet 6 $\frac{1}{2}$ inches thick. Then seven 12-inch by 6 $\frac{1}{4}$ inch joists, $\frac{3}{4}$ -inch thick, are riveted to the plate, and on them is another plate of the same dimensions.

Joists have been let into the concrete on which the bases rest, so that, if necessary, they may be moved slightly for the purpose of adjustment. There might be a risk of the leg slipping bodily forward during erection. To prevent that the bottom sole plate has riveted to it a $\frac{1}{2}$ inch by $\frac{1}{4}$ inch angle of steel 5 $\frac{1}{2}$ of an inch thick. The base pieces are held in position by bolts of $\frac{1}{2}$ inches in diameter, with 3 inch thread and a length of 12 feet.

Above the brace pieces the legs are in 26 feet lengths, braced together by cross and diagonal girders. Each of these sections weighs seven tons, and is constructed of plates 7-16 of an inch in thickness. The angles are 4 inch by 4 inch of $\frac{1}{2}$ inch thickness of metal.

A steam winch has hitherto done all the raising with "sheer legs," sixty-five feet high, at each tower leg. The erection will be continued by means of four electric cranes. These weigh about twenty tons, and will be run on

height it is difficult to form an idea of the wide stretch of the country which will be under foot and within sight. The lifts will carry 60,000 people a day.

As for the uses to which the tower will be put some day depends on circumstances. On the first platform, which is 160 feet from the ground, and is about 200 feet square, shops, restaurants, side shows and a concert hall will be built. The second platform will be at an altitude of 500 feet, and this will contain similar buildings to the lower platform, but on a smaller scale, as the space at command will be much less.

Higher still a third platform will be built, and on this will be a postoffice, a telephone call office and other small buildings. Right at the top will be an observatory and a very powerful electric light from which the beams should be seen from great distances. That on the Eiffel tower has been seen seventy miles away. The tower is expected to be finished early in 1895, and will cost \$1,000,000.

CHARLES C. HARRISON.
The New Acting Provost of the Pennsylvania University.

The trustees of the University of Pennsylvania have elected Charles C. Harrison (present chairman of the ways and means committee of the Uni-

C. C. HARRISON.

versity of Pennsylvania) acting provost. The duties are numerous and arduous, and modesty alone prevents Mr. Harrison from accepting the office permanently, until he is satisfied that he is able to discharge these duties single handed. Although he refused the election at first, he has accepted it temporarily.

Mr. Charles C. Harrison is a son of the late George L. Harrison, son of John, the pioneer chemist of Philadelphia, and is member, though not actively, of the great sugar refining house of Harrison, Havemeyer & Co. In connection with his brothers, the Messrs. Mitchell, William and Alfred Harrison, he has lately contributed \$50,000 toward the endowment of the John Harrison Chemical Laboratory of the University Pennsylvania.

He has been for some time chairman of the ways and means committee of the board of trustees of the university. Mr. Harrison was born on May 3, 1844. He entered the academic department of the university in 1858, and was a classmate of Dr. William Pepper, the retiring provost. He won the highest honors in his class, and upon graduation in 1862 he was awarded the Henry Reed prize for English literature.

LUTHER C. BATEMAN.

The Third Party Candidate for Governor of Maine.

Luther C. Bateman, the people's candidate for governor of the state of Maine, is strictly a self-made man, having been the architect of his own fortune, and from a poor friendless boy has risen to a leading position in his state as a scholar, statesman and most respected and substantial citizen. He is the proprietor of one of the finest farms in the state, devoting his winters, however, to lecturing upon science, his services being in demand in all parts of the country. He has traveled all over the world and is familiar with all phases of the labor question, is prominent G. A. R. man, a Mason of high degree, has been a candidate of the greenback party for congress, also of the union labor party, and two years ago the candidate for governor of the people's party. He is a ripe scholar, natural orator and debater, has been a voluminous writer upon classical subjects, political economy and various public questions, and it is said will poll a largely increased vote the coming election.

Travel Induces Liberalism.

The Amee of Bokhara, in Central Asia, has modified entirely his habits and customs, as a result of his recent voyage in Russia. He has opened the gates of his palace to the Russian ladies and organized dancing parties. Moreover, this palace, with all its oriental splendors, does not seem to be satisfactory to the amee in general comfort. He has ordered another to be built in the European style, near the Russian legation, under the supervision of a French architect.

When Gladstone Was Young.

While a student at Oxford, Mr. Gladstone was one of the competitors for the Ireland scholarships, but failed. "Desultory beyond belief," is what the principal examiner wrote on Gladstone's paper, and he went so far as to charge the future statesman with "throwing dust into the examiner's eyes like a man who when asked: 'Who wrote "God Save the King?"' answered: 'Thomson wrote "Rule Britannia."'"

The total height of the tower will be 1,150 feet, that of the Eiffel tower being 975 feet. The Wembley tower stands on an eminence 165 feet above sea level, and at this tremendous

A LITTLE FOOLING.

Miss Rinkles—I wonder if I'll live to see my 30th birthday? He—No; it only comes once.

Nodd—I wish I could cure my wife of dyspepsia. Todd—Why don't you get a servant girl to do your cooking? "Well, I don't care; there's one advantage in having low ceilings," said Mrs. Oldhouse to Mrs. Newhouse; "you can slap mosquitos better."

Emanored Youth—May I hope to find a place in your heart? Ladylove, fin de siecle—If you hurry up. There are only a few choice locations left.

"How do you like this style of bonnet?" she asked. "I don't know," he answered, without looking up from his paper; "I haven't seen the bill at present."

Mrs. McClintock," he said, in a fixed, determined voice, "I allow only one person to talk to me that way." "And who is that?" she demanded. "You, my dear," he replied, softly, as he removed his pedes.

Druggist—Yes, madam, I remember very well your buying a stamp. Lady—Well, I put it on a very important letter and mailed it. It has not been received. I want you to understand that I shall buy my stamps elsewhere if this occurs again.

Clara, thinking to make Ethel envious—You can't imagine how delightfully Charley makes love. Ethel—"Oh, yes I can. He used to try it with me until I snubbed him." "Mr. McClintock," shouted his better half. "I want you to take your feet off the parlor table."

PITH OF THE PAPERS.

There are about 230 John Smiths named in the New York city directory.

Mulhall says that the average price of locomotives in the United States is 9,000; of sleeping cars 15,000.

The railway commissioners of Victoria claim that they have effected a saving of fully \$50,000 by placing women in charge of stations.

□ A single plant of wheat will often produce 2,000 seeds in one season; a sunflower will yield 4,000; a poppy 32,000; a tobacco plant 360,000, a spleenwort 1,000,000.

It is said that window panes of porous glass are being made in Paris. The minute holes in the glass are too fine to permit of a draught, and yet large enough to permit of a pleasant and healthy ventilation in a room.

HARPER'S HISTORY OF THE WAR.

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

Worn Out in Harness.

In the hardness of every day business work men and women wear out prematurely. For some of us it is not easy, for others, again, it is impossible to get out of harness. It is the flexible yet strong, strong, fibrous, unbreakable skein of immortal service needed to our ves and those most dear to us. The weight of it often bows many of us into the grave before our time, but it is undoubt edly true that there is a means of rendering the burden less onerous, and of mitigating the pressure on one's physical constitution, especially of a sedentary kind—has a tendency to produce. Over worked clerks in counting houses, mill operatives, bookkeepers, type writer and others testify to the reviving effects of Hostetter's stomach Bitters, and its power to renew one's physical and mental energy, in cases of the wane, decay, debility, failing vigor, rheumatic, bowed and kidney complaints, yields to this beneficial medicine, which is a preventative of malaria and counteracts the effects of exposure in inclement weather.

Johnson's Oriental soap is the most delicate facial soap for ladies in existence. Sold at Smith's Pharmacy.

That oily and rough skin cured and the face and hands beautified by Johnson's Oriental soap; medicated and highly perfumed. Sold at Smith's Pharmacy.

MOTHERS

and those about to become mothers, should know that Dr. Pierce's Favorite Prescription relieves childbirth of its torture, terrors and dangers to both mother and child, by aiding nature in preparing the system for parturition. Thereby "labor" and the period of confinement is greatly shortened. It also promotes an abundant secretion of nourishment for the child.

South Bend, Pacific Co., Wash.

Dear Sir—I began taking your "Favorite Prescription" the first month of pregnancy, and have continued taking it since confinement. I did not experience the nausea or any of the ailments due to pregnancy, after I began taking your "Prescription." I only had a short time, and the physician said I got along unusually well.

THIS DAY IN HISTORY

1461—King Edward IV was crowned at Westminster.

1491—Henry VIII of England born; died 1547.

1519—Charles I of Spain was elected German emperor as Charles V, succeeding his grandfather, Maximilian.

1577—Peter Paul Rubens, Flemish painter, born; died 1640.

1703—John Wesley born at Epworth rectory in Lincolnshire; died 1791.

1712—Jean Jacques Rousseau, French skeptic and author, born; died 1778.

1776—Charles Mathews, English actor, born; died on the same day of the month in 1885.

1805—Giuseppe Mazzini, Italian reorganizer, born at Genoa; died 1872.

1830—James Madison, fourth president, died at Montpelier, Va.; born 1751.

1838—Queen Victoria crowned at Westminster.

1855—Lord Raglan (James Henry Fitzroy), British commander in the Crimea, died; born 1788.

1875—Roman Catholic church burned at Holyoke, Mass.; 100 lives lost.

CLEVELAND AND THE BANKS.

Is the administration justified in letting the reserve get down so far that the banks, in their own and the general public's interest, feel compelled to go to the rescue? Along to within two or three years ago the net gold in the treasury was usually kept above the \$130,000,000 line, or about twice as high as the present level. An amount was held on hand equal to at least 40 per cent of the greenbacks outstanding. This was the policy in democratic as well as republican days. In fact, early in Cleveland's first term the net gold was sent up from \$117,000,000, its lowest level, to about \$190,000,000, and during that term it was usually above \$150,000,000. When it had dropped to \$117,000,000 the country was alarmed although the \$150,000,000 of Sherman notes, which are a gold obligation, were not yet thought of. A much larger reserve is really needed now than was required then and the administration's failure to provide it is doing much to keep business unsettled.

IT IS A NEW FRANCE.

Casimir-Perier takes his seat as president of France amid general manifestations of confidence. The French people have displayed a poise and moderation in this crisis which are highly creditable. The outrages committed in the first frenzy on the assassin's countrymen were deplorable, but these would be likely to occur in almost any country on the same provocation, and they did not last long. Self-government in the moral and individual as well as in the political and collective sense has been inculcated by the republican regime.

How it must warm the cockles of the old soldier's heart to know that \$25,000,000 of the money congress appropriated to pay pensions for the year ending June 30, 1894, remains unexpended, notwithstanding that thousands of applications for pensions from suffering veterans remain acted upon, owing to the policy of delay which governs the pension bureau.

Governor Tillman's playful reference to his intention to use a pitchfork on Mr. Cleveland's "old fat ribs," if the South Carolina legislature will send him to the senate, should not result in an increase of the regular army. By the time Tillman gets done using his pitchfork on Senator Butler, it will be too dull to hurt Mr. C.

The sugar trust is trying to "work" the democrats of the house through impecunious democratic editors in their districts. If you hear of a democratic editor having changed his mind about the necessity for free sugar, just put him down as having been sugar cured by the trust.

The war is really over in Georgia. A rebel brigadier has been forced to withdraw from the contest for the gubernatorial nomination, in order to escape being defeated by a man who wasn't even in the army.

Getting "Hoked" is the western veteran's expressive way of saying he has been buncoed by a Hoke Smith pension decision. By the same token the country has been Grovered.

The man who goes to congress expecting to revolutionize its methods of doing business is seldom heard of after he gets to Washington.

If Dick Croker should take a notion to tell that investigating committee all he knows some big democrats will wish he had remained in Europe.

The adjutant general of Colorado is not a believer in the fuses and feathers method of doing things. Nor does he approve of the use of tar as a coating for militiamen.

When anarchists are treated like small pox patients the assassination of officials will be less frequent.

When it isn't a trust it is a syn-

dicate—merely a change of name, that controls every act of the democrats in congress.

If the United States government is too poor to keep liberty's torch lighted it should ask some favored trust to do it.

Dr. Price's Cream Baking Powder
Most Perfect Made.

WANTED.

All advertisements in the "Classified" column five cents a line for each insertion.

WANTED—Boarders at 163 South Main St.

GENTS—make \$5 a day. Greatest kitchen utensil ever invented. Retails 25 cents. 2 to 6 sold in every house. Sample postage paid. FORSHEE & MCMAKIN, Cincinnati, O.

WANTED—A good farm hand for balance of season, a man that can milk and take care of stock. Address P. Gazette office.

WHAT have you to trade for house and lot at Spring Brook and one at Riverview park, will sell on easy payment. Rent or trade. E. W. LOWELL.

WANTED—A No. 1 farm hand, apply to Brown Bros. & Lincoln's Shoe Store.

The Tailors.

ANOTHER HOSPITAL OPEN IN THE CITY.

OLD CITY INSTITUTION UNDER PRIVATE MANAGEMENT.

Mrs. Henderson, Formerly Matron of Oak Lawn, One of the Managers—Brands Play Here July 4—Janesville Shooters Fared Well At the Madison Tournament

The old city hospital building on Mineral Point avenue has again been opened. Mesdames Henderson and Kingsley have taken a lease of the building and are now receiving patients. The idea of the managers of this new private hospital is to provide accommodations for ladies who are compelled to undergo surgical operations. Mrs. Henderson was formerly matron of the city hospital. Mrs. Kingsley is known in the city as an experienced nurse, having devoted herself wholly to caring for the sick.

A CERTAIN gentleman in the First ward is wondering how long it takes a letter to reach Janesville when mailed at Whitewater. Last evening a couple of friends called on him and found him in a very melancholy mood because his wife had gone visiting to Whitewater Monday and he had received no letter by Wednesday evening.

THEY are lovely, handsome paintings, fifty pieces, no two alike, dotted muslins, fast colors, a summer bargain hardly out of the case when the sale commenced. Don't wait too long, five cents a yard. We know it's a low price for such beautiful goods—five cents. J. M. Bostwick & Sons.

GRAY molded collars, linen faced, sizes 14 to 17, the price everywhere is 25 cents a box. The lot consists of seven boxes No. 14, eleven boxes 14½; one box No. 15; three boxes No. 16; eighteen boxes No. 16½; four boxes No. 17. While they last five cents per box. T. J. Ziegler.

C. H. KUECK returned home last evening from Columbia. Mr. Kueck is highly pleased with the country, and says the Columbia Land Company have not misrepresented anything. The rest of the Janesville excursionists will return Sunday morning.

FAREWELLS to Rev. Mrs. S. F. Gibb were spoken last evening in All Souls parlors. A social was given by the ladies of the church and the groups thus brought together enjoyed for the last time the pleasure of their departing pastor's society.

THE Chicago, Milwaukee & St. Paul business car, having on board Assistant General Superintendent E. W. McKenna and Division Superintendent W. W. Collins, passed through the city last evening bound for Milwaukee.

THE Rock county insane asylum is now connected with the city telephone exchange. Manager Willcutt completing the connections this morning. Patrons of the 'phones will hello for 14¢ if they want to talk with asylum people.

CHINESE lanterns made the lawn around Rev. J. D. Cole's home present a pretty picture last evening. The occasion was a lawn social given by the Ladies Aid Society of the First M. E. church and the affair was a complete success.

A SALOON is being fitted up in the store north of McCue Brothers place on Main street. A license will be applied for in the name of Proprietor Moore July 2. All licenses expire on the first of next month.

THE ladies of the Presbyterian church will serve lunches on the Fourth of July at the store on the bridge next west of Wheelock's crockery store. Lunch 25 cents. Ice cream and cake 15 cents.

C. H. TINKHAM is arranging on excursion to Geneva Lake, Wednesday, July 18. The train will leave Janesville at 7:40 going direct to William's Bay, and the round trip tickets will be only \$1.

CHICAGO BELLE, the speedy trotter, over whose injuries a law-suit is now pending, was taken from Janesville to Oshkosh yesterday afternoon. She is entered at Oshkosh and in other northern meetings.

ARCHITECT J. G. CHANDLER of Racine, is in the city today consulting with the plan committee, concerning plans and specifications for the new high school building.

An extra passenger coach was attached to the Chicago accommodation this morning for a lot of Shoptiers and Clinton Modern Woodmen, who take in the picnic at Sycamore, Illinois, today.

CALL at Lowell's hardware store this week and see for yourself how kerosene oil is generated into gas and burns in a cook stove without smoke or smell at half the cost of wood.

THE five points on which we get our enormous trade: Excellent quality of material, excellent style and fit, enormous low price, bought and sold for cash. Brown Bros. & Lincoln.

CHARLES FITZGERALD, a conductor on the Minneapolis & St. Louis railway running out of St. Paul, is the guest of his sister, Mrs. William O'Hara.

Hot weather didn't keep people away from the dance given by W. H. Sargent Relief corps last night. Smith's orchestra furnished excellent music.

LOST—A bay mare, weight about 1,000 pounds, with ringbone on right hind leg. Finder will please notify George Prichard, 16 North Main street.

Boys' reversible Fiberene collars, sizes 12, 12½, seventeen boxes

left. Our price five cents a box, sold anywhere at ten cents a box. T. J. Ziegler.

It is useless for us to tell the people that we are the representatives of "good shoemaking," they know it. Our twenty years business has made our name a byword in every household in the city. We are keeping that record up. Richardson Shoe Co.

ENGINEER ALEX. MCNAUGHTON of the Chicago & Northwestern railway, is confined to his home, 162 North Jackson street by sickness.

F. W. BROWN, day telegraph operator at the Chicago, Milwaukee & St. Paul depot, is at his post again after a few days' visit in Milwaukee.

THE Janesville Art League will meet at the home of Mrs. A. E. Taxberg, 206 South Main street, tomorrow afternoon at 3 o'clock.

Have you traded at Brown Bros. & Lincoln's yet? If not you have missed it. It is the most perfect place to trade; try it.

MRS. G. A. PROCTOR and daughter left this noon for Marinette, to spend two or three weeks visiting relatives and friends.

DEMAND greater than ever. Our custom demand the best and they get it at the lowest prices. Brown Bros. & Lincoln.

REILLY WELLS, drunk and disorderly, was given four days in the county jail this morning by Judge Phelps.

A BENEFIT dance for Fred Hessnauer will be given in the new Concordia hall tomorrow night by Vorwartz Lodge.

CONGREGATIONAL folk enjoyed a missionary tea at the home of Mr. and Mrs. J. A. Cunningham last evening.

We just received another big lot of boneless ham this morning, only 10 cents a pound. Loeb & Gundel.

T. H. BIDWELL, yardmaster of the Chicago, Milwaukee & St. Paul railway, is taking a brief vacation.

We get the trade through our low prices and hold it through the merit of our goods. Richardson Shoe Co.

This evening, fine gooseberries, great big ones for canning purposes at Grubb Bros., 10 cents a quart.

OUR \$1.50 shoes are going very fast. Come on and get a pair. Lloyd & Son, 57 West Milwaukee street.

BORT, Bailey & Co.'s, bought 1500 pocketbooks cheap, they are selling them 60 cents on the dollar.

We have a lot of fresh pork tender loin which we will sell for 12½ cents a pound. Loeb & Gundel.

ANOTHER Axiom—"Buy shoes cheap, not cheap shoes." This is our motto. Brown Bros. & Lincoln.

You will never know the best place to buy shoes if you do not trade at Brown Bros. & Lincoln.

MANAGER McGINLEY has arranged for a game with the Chicago Brands on the Fourth of July.

ANY man's shoe in our house always sold for \$2.50 to \$5.00. Choice at the Bee Hive \$1.98 a pair.

If you want to ride in the golden chariot the Fourth, buy your shoes at Brown Bros. & Lincoln.

THE only complete line of sweaters and bathing suits can be found at Ziegler's, 50 cents up.

FIFTEEN hundred pocket books are being sold at 60 cents on the dollar at Bort, Bailey & Co.'s.

THAT veranda furniture at Kimball's presents a very imposing appearance. See front window.

You want the best at the lowest prices. We will fill the bill. Brown Bros. & Lincoln.

At reduced prices—summer suits and remnants for pants. J. D. Holmes, Tailor.

SEE the all-silk lace mitts are we selling at 12½, 15 and 20 cents a pair. T. P. Burns.

THAT boneless ham at 10 cents a pound at Loeb & Gundel's is the best in the city.

We are originators not imitators of the shoe business. Brown Bros. & Lincoln.

THIS was the hottest forenoon of the summer Weather Clerk Burnham declares.

OUR latest hit—The best goods for the least money. Brown Bros. & Lincoln.

JUDGE and Mrs. H. A. Patterson left for Geneva lake this morning.

ANY straw hat in the store for 50 cents. J. D. Holmes, Tailor.

REAL Rockford hose, 15 cent kind, eight cents a pair at Ziegler's.

ZIEGLER'S box aisle is a big success; every piece is cut in twain.

SWEATERS and bathing suits 50 cents each at Ziegler's.

C. N. VANKIRK is transacting business in Chicago today.

L. S. HILLABRANT and daughter are in Clinton today.

BONELESS ham 10 cents a pound at Loeb & Gundel's.

LEADERS in their line—Brown Bros. & Lincoln.

ALDERMAN S. B. HEDGES is in Chicago today.

E. B. HEIMSTREET is in Milwaukee today.

PALM leaf fans one cent each at the Fair.

Dr. Price's Cream Baking Powder World's Fair Highest Award.

MATTERS IN COURT ARE DISPOSED OF.

STREET RAILWAY MUST PUT UP GUARD WIRES.

Fred Prentice's Will In Probate—Bertha Butcher Is Now Free of Matrimonial Alliances and of Woes—Truain Johnson Declared Insolvent.

Important matters were disposed of at the court house to-day. Among the most important was an order issued by Judge Bennett requiring the Janesville Street Railway Company to at once put up guard wires in accordance with a decision of the supreme court, or show cause on July 17 why the order is not complied with. This action grows out of the recent suit brought by the Wisconsin Telephone Company against the Street Railway Company, to compel the latter to construct and guard their trolley wire.

Next came a petition of Truain L. Johnson, of Clinton, asking to be discharged from paying his debts. A schedule is being filed with the petition, showing his indebtedness to be about \$3,000 above his assets.

Bertha Butcher, of this city, asked and obtained a decree of divorce from her husband, Edward Butcher, on the ground of desertion.

In the county court the will of the late Fred F. Prentice was admitted to probate. By the will the testator's sister, Mrs. Elmina P. Terry is to possess all the real and personal property. F. C. Cook is appointed executor without bond, and in lieu of all fees he is to receive the sum of two hundred dollars. No schedule of the property has been filed.

SHORT BOWER CITY NOTES

NEW watermelons at Dunn Bros.

WOOD settees at Kimball's for \$1.75.

RATTAN ladies' chairs only \$2.35 at Kimball's.

FIFTEEN cent cuspidores 10 cents each at the Fair.

W. H. BENESTEEL is transacting business in Chicago.

FREE biscuits at Dunn Bros. No one need go hungry.

LOOKOUT for big carriage sale, will commence Monday.

LAKE trout and white fish fresh to-day noon at Dunn Bros.

CREAMERY butter in three and five pound jars at Grubb Bros.

THESE white duck trousers were only made to stand up in.

JOHN GRUBB, the west side grocer is in Chicago today on business.

THE man who runs a hand-car has more of his share of ups and downs in life.

EASY to wear, and hard to wear out the shoes sold by the Richardson Shoe Co.

ANOTHER large invoice of children's oxford's just received. Prices defy competition. Lloyd & Son.

EARTHEN cooking kettles with covers, positively fire proof, old price \$1, now 25 cents. Wheelock's on the bridge.

EDDIE JOHNSON, who has been camping at Dorn's springs, eight miles up the river, for a week past, has returned home, satisfied that the mosquitoes had subsisted long enough at his expense.

A SPECIAL invoice fresh fish received today. Will make a special sale for this week, 7 cents everybody will eat fish. Charles A. Sanborn, 65 West Milwaukee St.

JANESVILLE shooters got their share of the money at Madison. Sutherland won or divided six firsts and a liberal share of seconds. Carter got two firsts and several seconds and others came away with good records.

We rely much upon the confidence the people favor us with. When a person wants a nice neat shoe that fits they always come to us. Tomorrow we will place on sale a ladies shoe that will be a competitor's killer, they will be a virtue in value and a power in priece. Richardson Shoe Co.

H. W. COON, who purchased the stock of goods formerly owned by Thomas King, of the Fair, is devoting his time this week to fire crackers. He has the largest stock in the city, and can sell for less than they can be bought in Chicago. For instance he is selling firecrackers for 4 cents a bunch or eight bunches for 25 cents.

A concern that has such an enormous amount of sales on their cash book, is foolish to pay any newspaper even five cents per line to tell the people. Good shoes always win, that's the reason we are doing so much more business than our "sleepy competitors," and yet we have not enough trade. Brown Bros. & Lincoln.

THIS was the hottest forenoon of the summer Weather Clerk Burnham declares.

OUR latest hit—The best goods for the least money. Brown Bros. & Lincoln.

L. F. KNAPP, the North River street brewer went to Milwaukee this morning.

J. W. NASH of the First ward is entertaining his brothers from the east.

SUMMER underwear lines to close at reduced prices. J. D. Holmes, Tailor.

ONE more day of Bort, Bailey & Co.'s special sale on ladies' pocketbooks.

JUDGE and Mrs. H. A. Patterson left for Geneva lake this morning.

PROF J. D. DANA

Scientific Luminary Who Recently Retired From Yale College.

In the retirement of her brightest scientific luminary, Prof. Dana, Yale loses from its active rolls one of those names that have been used to conjure with, almost time out of mind, by lovers of the scholastic fame of the university. There are certain names, such as Dana, Woolsey, Whitney, Silliman, Hadley, Dwight, Loomis, which are almost conterminous with the style and title of the great university, so that we scarce think of the one without recalling the others. They are the most valid ground of distinction the institution enjoys, and some trace of pride in this distinction rings out in every huzzah of the plentiful cheers that legitimately of late greet Yale's successes on all the fields of athletic sport.

The leading facts of his life have a curious unity of plan, all growing out of an aspiration of his generous youth; they embody, too, their bit of romance. Born in 1813 at Utica, he was drawn

PROF. J. D. DANA.

to Yale by the fame of the elder Silliman. He became Silliman's assistant; in time he came to marry his daughter; he succeeded him as editor of the Journal of Arts and Sciences; and finally he was the incumbent of the "Silliman Professorship," founded to commemorate that earlier scientist. Before his marriage, however (from 1833 to 1842), he was a part of the Wilkes exploring expedition, and in the course of it he was shipwrecked. His great labors have been accomplished upon but a small supply of physical strength. His temperament would appear to be that of the scholarly recluse of the genial sort; he has never been active in the social way, even in quiet New Haven. His personality is picturesque—tall, spare, bronzed, and silvery-haired. He is daily seen passing, with swift foot, along that most charming of streets, Hill-

house avenue, where he has his house. Green and secluded as a cathedral close, what a dream of academic peace is that street in these June days!

Thither, on the occasion of his 80th birthday last year, a number of his old associates and neighbors, for the most part well known like himself, sent him a set of resolutions which for cordial respect and esteem, for affectionate eulogy both of high acquirements and admirable personal character, I have never seen surpassed.—W. H. B.

SENDING TELEGRAMS.

If You Want No Mistakes You Should Pay Double Rates.

A decision of importance relating to the liability of telegraph companies in sending messages has been made by the Supreme court of the United States. The court decides that the Western Union Telegraph company is not liable in damages to the sender of a message in cipher for errors in transmission thereof. The case came up from the Circuit court of the United States for the Eastern district of Pennsylvania, where Frank J. Primrose sued the telegraph company for \$100,000 damages for mistakes in sending a cipher telegram from Philadelphia to Waukeeny, Kan. The message related to a transaction in wool, and the mistake, Primrose claimed, damaged him in the sum named. Judge Butler nonsuited the plaintiff in the Circuit court on the ground that the conditions of the contract printed on the back of the telegram absolved the telegraph company from liability for errors by transmission, unless it specially insured correctness. This contract was held to be a reasonable one. Justice Gray read the opinion of the court affirming the judgment of the Circuit court. The case has been pending in the Supreme court since 1879. People of ordinary intelligence not educated in the mysteries of the law will wonder why great trusts like the Western Union Telegraph company should be exempted from responsibility for their carelessness and blunders. The Supreme court holds that if you want to have your message sent correctly, you must pay double price. But if you want the telegraph company to make blunders for which you have no redress, you pay single fare. On the same principle it would seem as if railway companies might adopt a double fare scheme, by which, unless passengers pay specially for insurance of safety, the companies will escape liability for broken limbs and other damages. All the companies need to do is to print the little trick on the back of their tickets.

CHILD-BRIDESMAIDS.

An unpleasant feature of some of the modern weddings is the child-bridesmaid, who is sometimes actually decorated with diamonds, sprinkled with perfumes, and horrible to say, powdered and painted.

A SPOONY COUPLE.

They Did Their Love-Making Upon the Gallows.

I have heard of many queer places selected by young couples for their love-making, and, in fact, have personal knowledge of several who found their chief delight in spooning in some cemetery; but never, until a few days ago, have I heard of a gallows being chosen for such recreation. A young friend of mine has a sweetheart, a handsome young clerk in a St. Louis candy store.

The young folks are but seldom alone together for more than a few minutes, and when they do get a chance to enjoy each other's company without outside interference they make the most of their opportunity. One evening the young lady left her work much easier than usual. She sent word to my friend, who at once met her, and proposed that she go with him to the Four Courts, where he had a small business matter to attend to, after which they would enjoy themselves. She agreed. As the two were leaving the Four Courts the girl asked her companion to show her through the building. This was done. He took her to the morgue; then he took her through a side door into the yard in which stands the gallows. She evinced great interest in this structure, and finally the two mounted the steps and stood looking down the trap through which several souls have shot to eternity. The girl shuddered. The young man noticed this and passed his arm about her waist. Then he proposed that they sit down awhile. They sat. For an hour those two sat, with feet dangling through the trap and arms about each other's waists, and indulged in the interchange of sweet words and sweeter caresses with which lovers are wont to pass their time.

AUSTRALIAN GOLD FIELDS.

The Western Province of the Island Containing Developing Rich Deposits.

In the development of Western Australia the gold fields seem destined to play an important part. Gold was discovered there by Dampier as far back as 1688, but, according to the New York Evening Post, it was not until about ten years ago that the precious metal was found in sufficient quantity to start the industry in real earnest. To-day it is known that the gold country extends over a great area from north to south. New districts are being opened up, townships are being laid out, stores, hotels, churches and banks are providing for the varied wants of rapidly increasing populations, settled, in some instances, on the desert wastes of only two or three years ago, while the transcontinental railway from Fremantle to Adelaide is regarded as having already been started by the line to the Zilgarn goldfields. Southern Cross, the capital

SCRAPS OF INFORMATION.

The mucous of a tarantula will, it is claimed, cure its poisonous bite.

China is manning a chain of forts all along her sea coast with Krupp guns.

The London free asylums for the old, the blind and infirm cost annually \$3,205,000.

The largest river in Asia is the Yenesei, in Siberia, whose course is about 2,000 miles.

West Virginia has 16,000 square miles of coal fields, an area greater than the coal regions of Great Britain.

At the present rate of increase, it is estimated that there will be 190,000,000 people in the United States in fifty years.

A sporty young man took a \$20 gun into a store in New York the other day and left with a \$400 gun in a similar case.

KILL HIM.

That was the decision in the Prendergast case of the assassination of Mayor Harrison of Chicago. That is your verdict in regard to your hair provoking? Do not take care of it. If you have hair, it is better to cut it short. If you have bald, you should consult some one at once who makes a specialty of the hair. Where the follicles are present there is a cure for you. An examination will cost you nothing, may prove of endless value to you. Professor Birkholz, the German hair specialist of Chicago, can be reached at any time.

A TOUCH OF NATURE.

Made Brothers and Sisters of a Whole Community.

The other day a 2½-years old baby boy disappeared from an old-time farm house on Long Island. The parents, distraught, summoned neighbors and friends and at once set out in eager quest of the wanderer. For two miles or more he was traced by tiny footprints in the soft earth of the highway. Then the trail was lost. Bunches of daisies, plucked and thrown away, showed where the child had paused at intervals to play or rest. Night coming on, the search was abandoned for the time, but all through the night sentinels stood along the road that any feeble cry of the little one might be heard. With the morning dawn the hunt was renewed, hundreds of farmers and others scouring the woods and fields. Even the women joined the searchers, one mother carrying her own baby in her arms as she tramped back and forth with the rest. A violent storm set in late in the afternoon, and continued during the greater part of the night; it grew intensely cold, but the search went steadily on. All the following day and the next night the woods were threshed and beaten by eager feet. But with the following dawn many of the searchers became disheartened and fell out of the ranks. Some, however, persisted, and at last, at the end of eighty hours, the missing one was found, lying off bed of leaves, motionless as if dead. His clothing was soaked with rain, and one little hand was raised as if to wipe away a tear from the pallid face. But life was not yet extinct. Carried swiftly to his home and tenderly cared for, the child slowly revived, and the desolate home was filled with joy over the lamb that had been lost and was found again.

The world is filled with the jargon of voices which prate of the selfishness and depravity of human nature; the voices of cynics and pessimists who find nothing of beauty or purity or kindness anywhere among men. How utterly such an incident as this we have recorded disproves this miserable and cheerless fallacy. The foulest soul has in it something of the divine. "One touch of nature makes the whole world kin." The anguish of the Long Island mother, bereft of her babe, touched every heart. Men, women, children, all responded eagerly and with tenderest sympathy to the appeal for help. Self was all forgotten in the presence of her sore need. And as all alike shared her grief, so all had part in her joy when the lost one was restored to her arms. Thus the world rejoices always when one beaten by the storms of life and long time astray, finds his way back to the anchorage of safety and duty. The dismal voices may preach as they will the gospel of despair; the evil forces are not the dominant forces, and the world is not a desert; it has a thousand sweet and healthful fountains which never run dry. There is much of sin and wretchedness in it, and there are sad souls everywhere, and many vicious and depraved. But in the lives of the worst of men there are wells of Elim, clear and pure; oases, fresh and green, lying under sheltering palm trees.

CLAWISH FINGER NAILS.

Absurd Custom Among Holy Men of the Celestial Kingdom.

To what extremes physical deformation, for the sake of complying

Earning His Living.
An old colored man, with his legs twisted about like corkscrews, from rheumatism, and also partly paralyzed, sits on the steps of the Austin courthouse and solicits alms.

"You must have a pretty hard time of it, uncle," remarked a sympathetic stranger, handing him a nickel.

"Yes, boss, dat's a fact. Dar's six ob us in the family, and Ise de only one able to get about and earn a libin'!"—Alex Sweet, in Texas Siftings.

True Independence.

Young Lady—I am tired of living on my relatives, and want to be independent.

Employment Agent—I might get you a place in a store.

"That won't do. I'd be under some one's orders continually. I want to be independent of everything and everybody."

"Ah, I see. I'll get you a place as cook."—N. Y. Weekly.

Rather Ambiguous.

Powell—I see by your sign that you are a dispensing chemist.

Chemist—Yes, sir.

Powell—What do you dispense with?

Chemist—with accuracy, sir.

Powell—I thought so. That last prescription I had made up nearly killed my wife.—Truth.

Two Questions.

"What is home without a mother?"
Ask the ignorant and scholar;
It is matched by but one other;
What is love without a dollar?"—Detroit Free Press.

AT THE CROSS-ROADS HOTEL.

The Guest—Here, what do you mean by waking me up three times this morning and telling me it is breakfast time? And here I catch you running away with the sheet!

Boy—Well, you see, boss, we've got to git de tablecloth whether you git up or not.—Chicago Record.

A Difference of Views.

"I'm almost afraid, Miss Squeers," said the impetuous young man who had taken her to an after-theater supper for which he had been hoarding money for months. "I'm almost afraid to ask you to eat such a meal as this just before going to bed."

"Oh, never mind," replied Miss Squeers, smiling pleasantly. "If it doesn't answer we can easily order some more, you know."—Chicago Record.

Freddie's Fate.

Mr. Figgins had a mule,
Famed for his velocity.
Mr. Figgins had a kid,
With curiosity.
Mule and curiosity
Got into a row—
Little Freddie Figgins
Isn't with us now.

—Arkansaw Traveler.

MYSTERIES!

The Nervous System the Seat of Life and Mind. Recent Wonderful Discoveries.

No mystery has ever compared with that of human life. It has been the leading subject of professional research and study in all ages. But notwithstanding this fact it is not generally known that the seat of life is located in the upper part of the spinal cord, near the base of the brain.

What is this portion of the nervous system that even the prick of a needle will cause instant death?

Recent discoveries have demonstrated that all parts of the body are under the control of the nerve centers, located in or near the base of the brain, and that when these are deranged the organs which they supply with nerve fluid are also deranged. When it is remembered that a serious injury to the spinal cord will cause paralysis of the body below the injury, and that the nerve force is generated by the injury from reaching the paralyzed portion, it will be understood how the derangement of the nerve centers will cause the derangement of the various organs which they supply with nerve force.

Two-thirds of the diseases are due to the immature action of the nerve centers of the brain, not from a derangement primarily originating in the organ itself. The great mistake of physicians in treating these diseases is that they treat the organ rather than the nerve centers which are the cause of the trouble.

Dr. Miles' famous celebrated specialist has profoundly studied this subject for over 20 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above statement, and that the ordinary methods of treatment are wrong. All headache, neuralgia, dizziness, insomnia, epilepsy, &c., &c., &c., are nervous diseases no matter how caused. The wonderful success of Dr. Miles' Restorative Nervine is due to the fact that it is based on the foregoing principle.

DR. MILES' RESTORATIVE NERVOUS EXTRACT, 100 drams, \$1.00, will give guarantee, or sent direct by DR. MILES' MEDICAL CO., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It contains neither opium nor dangerous drugs.

Sold by all druggists
